Washington, D.C. 20554

October 14, 2012

Ms. Marlene H. Dortch, Secretary  
Federal Communications Commission  
445 12th Street SW  
Washington, DC 20554

Re: Measuring Broadband American Program, GN Docket No. 12-264

Dear Ms. Dortch:

On September 20, 2012, representatives of wireless broadband providers met in person and via conference call with Commission staff to discuss the expansion of the Commission's 2012 broadband measurement and performance program to include measurement of broadband performance on mobile handsets.<sup>1</sup>

Commission staff stated that a public meeting would be held on September 21, 2012, and shared background on the development of the two-year old wireline program and the collaborative interactions with wireline broadband providers and other stakeholders. Staff welcomed the participation of the mobile providers in the program and answered questions regarding the logistics of the current collaborative meeting and other efforts focused on measuring wireline performance.

Staff explained that regular meetings would be held following the event on the same recurring three-week schedule for the other meetings in the program.

Sincerely,

A handwritten signature in blue ink, appearing to read "Walter Johnston", is positioned above the typed name.

Walter Johnston, Chief  
Electromagnetic Compatibility Division/OET
